In a Shanty in Old Shanty Town

Written by Ira Schuster and Jack Little with lyrics by Joe Young

```
     F        A7
It's only a shanty
    D7
In old Shanty Town
      G7         Fm      G7
The roof is so slanty it touches the ground.
        C7                              F            D7
But my tumbled down shack by an old railroad track,
       G7                      C7
Like a millionaire's mansion is calling me back.

     F          A7      D7
I'd give up a palace if I were a king.
    G7           Fm             G7
It's more than a palace, it's my everything.
         Bb                            F     D7
There's a queen waiting there with a silvery crown
        Bb        C7         F
In a shanty in old Shanty Town.
