Red Sails in the Sunset

Words: Jimmy Kennedy, Music: Hugh Williams

```
C               C7
Red sails in the sunset,
        F         C
Way out on the sea.
              G7
Oh carry my loved one,
                  C
Home safely to me.

                  C7
He sailed at the dawning,
F                 C
All day I've been blue.
              G7
Red sails in the sunset,
                C
I'm trusting in you.

F                       C
Swift wings you must borrow.
F                       C
Make straight for the shore.
F             C
We marry tomorrow,
      D7              G7
And he goes sailing no more

C               C7
Red sails in the sunset
F               C
Way out on the sea.
                G7
Oh carry my loved one,
                  C
Home safely to me.
                G7
Oh carry my loved one,
                  C
Home safely to me.
