

Witchy Woman

Don Henley, Bernie Leadon

[Em] Raven hair and [B7] ruby lips,
Sparks fly from her finger [Em] tips,
Echoed voices [B7] in the night,
She's a restless spriit on an endless [Em] flight

[Em] Woo-hoo [B7] witchy woman, see how high she [Em] flies
[Em] Woo-hoo [B7] witchy woman, she got the moon in her [Em] eyes

[Em] She had me spell-bound [B7] in the night.
Dancing shadows in the fire [Em] light
Crazy laughter in a-[B7] nother room,
And she drove herself to madness with a [Em] silver spoon.

[Em] Woo-hoo [B7] witchy woman, see how high she [Em] flies
[Em] Woo-hoo [B7] witchy woman, she got the moon in her [Em] eyes

[A] I [Em] know you want to love her, but let me tell you brother,
She's been [Am] sleepin in the [G] devil's [Em] bed.
[Em] There's some rumors goin round, someone's underground,
She can [G] rock you in the [A] night until your [Em] skin turns red

[Em] Woo-hoo [B7] witchy woman, see how high she [Em] flies
[Em] Woo-hoo [B7] witchy woman, see got the moon in her [Em] eyes
